This fair was in a repeat location at a high school. It was a drive through event with a layout that worked so well. We had the perfect amount of volunteers which made SUCH a difference in set up and the flow of the event. We altered the flow which helped. We did see a drop off of fair guests about ½ way into the event so we need to see about advertising in the future. We still had a large amount of guests. This partnership is such a solid one. Saafiya really does an amazing job coming through with her end of the responsibilities. It is a great team effort and the kinks are ironed out well. We look forward to expanding our offerings in the future at Parkrose.

What would I do differently or add next time...?

1. Increase outreach in Clackamas area to partners for participation and marketing.

2. Ask for more Spanish speaking volunteers and partners.
3. Increase outreach in this area.
4. Add music or a band next time.
5. Add more vendors as we can be outside and space isn't an issue.
